New Orleans, Louisiana 70119

OPCD Contact: Orleans Parish Communication District
118 City Park Avenue
New Orleans, Louisiana 70119

Email: **RFPResponse@911nola.org**

The Orleans Parish Communication District (hereafter, “**OPCD**”), located in New Orleans, Louisiana, is requesting proposals to enter into a contract with a licensed, qualified public safety consulting firm to provide professional services in the performance of a 911 Revenue Billing Audit and ALI database ‘true up’ for all records used in the delivery of 911 emergency calls to OPCD. The successful candidate shall have experience and expertise in conducting the desired audit of all telecommunication carriers operating and remitting 911 fees in Orleans Parish, LA. Additionally, OPCD seeks a candidate that exhibits past experience and expertise in providing supporting analysis and research of the OPCD regulatory landscape as it relates to 911 Revenue collection.

OPCD plans to conduct this project in two phases, depending on cost and time involved. OPCD reserves the right to implement both phases at the same time. Phase 1 of the project consists of professional consulting services researching and analyzing the financial and regulatory areas that affect OPCD and the collection of 911 fees. Phase 2 of this project is a “true-up” between the 911 revenue remitted to OPCD by telecommunication carriers and the OPCD 911 ALI database.
